Big Dead Place: Inside the Strange and Menacing World of ...

Big Dead Place examines daily life in Antarctica, with a look at early explorers, the local history of the region's two largest U.S. bases, and the internal culture of the U.S. Antarctic Program. Working for that program, self-proclaimed "smirking lackey" Nicholas Johnson quickly finds a world far from his preconceived vision of a pristine frontier and a noble scientific mission.

create an unseemly workplace, drive away customers, and can even cause health problems.

Finding Dead Roaches Inside Is A Problem | Green Home Pest

A dead mouse lurking in the attic or trapped in the walls might like no big deal, but the smell of decomposing animals is irresistible to flies. As scavengers, flies are attracted to and feed on dead things, like birds, mice and rats. Always remove deceased animals from your home and property immediately to prevent flies from invading.

Why Are Big Black Flies in My House? | Hunker
