team and request a visit with a physical therapist. Kids: 60 Minutes of Physical Activity a Day. All children should get at least 60 minutes of moderate to vigorous physical activity every day.

Why Fitness Matters | CF Foundation

Subjective experience refers to the entire range of emotions and cognitions, dispositions, knowledge, and meanings that we derive from physical activity rather than the actual performance itself (activity experience). Four truths about sport and exercise: Physical activity is always accompanied by subjective experiences.
