In theory, the laws created within a society reflect the needs and values of that society and will work for the best interests of the citizens, but laws can also strongly influence the society that created them. The New York Times cites the Brown v.

How Do Laws Affect Society? - Reference

The book does an amazing job of explaining the 3 "clusters" that determine how law affects behavior: peer pressure, rewards/punishment, and the "intangibles" morality, legitimacy, consensus etc. 3. Friedman as usual does an amazing job of somehow bouncing between analogy to study to essay and somehow bouncing right back to the point he's trying to bring out.
