Protecting Our Kids How Sex

If you have penis-in-vagina (vaginal) sex, it's really important to use both a condom and another form of birth control (like the pill or the IUD). That way you're protected from both pregnancy and STDs. So talk about both. If you have anal sex, you need to use a condom and lubricant. For oral sex, use a condom or a dental dam.

How Teens Can Practice Safer Sex & Birth Control

Research on sex education has focused on whether programs help young people to change specific behaviors related to preventing pregnancy and sexually transmitted diseases such as: Delaying sex until they are older Using condoms and contraception when they do have sex Reducing the frequency of sex
